- RSS feeds

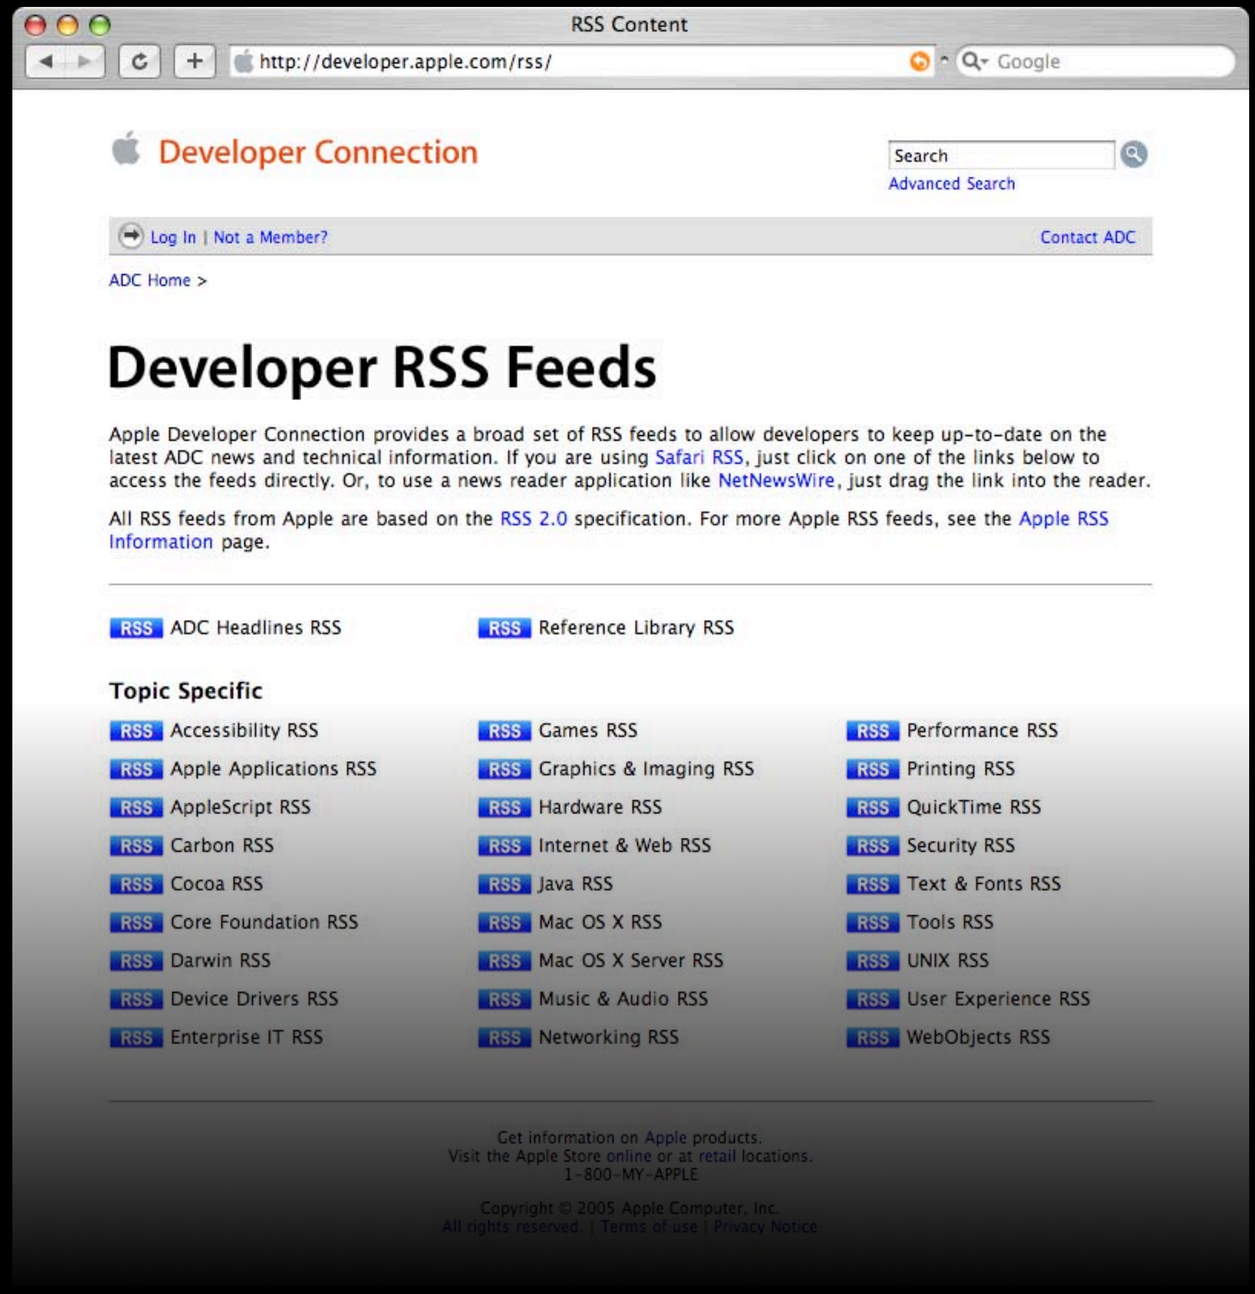
Topic-Specific RSS Feeds

New!

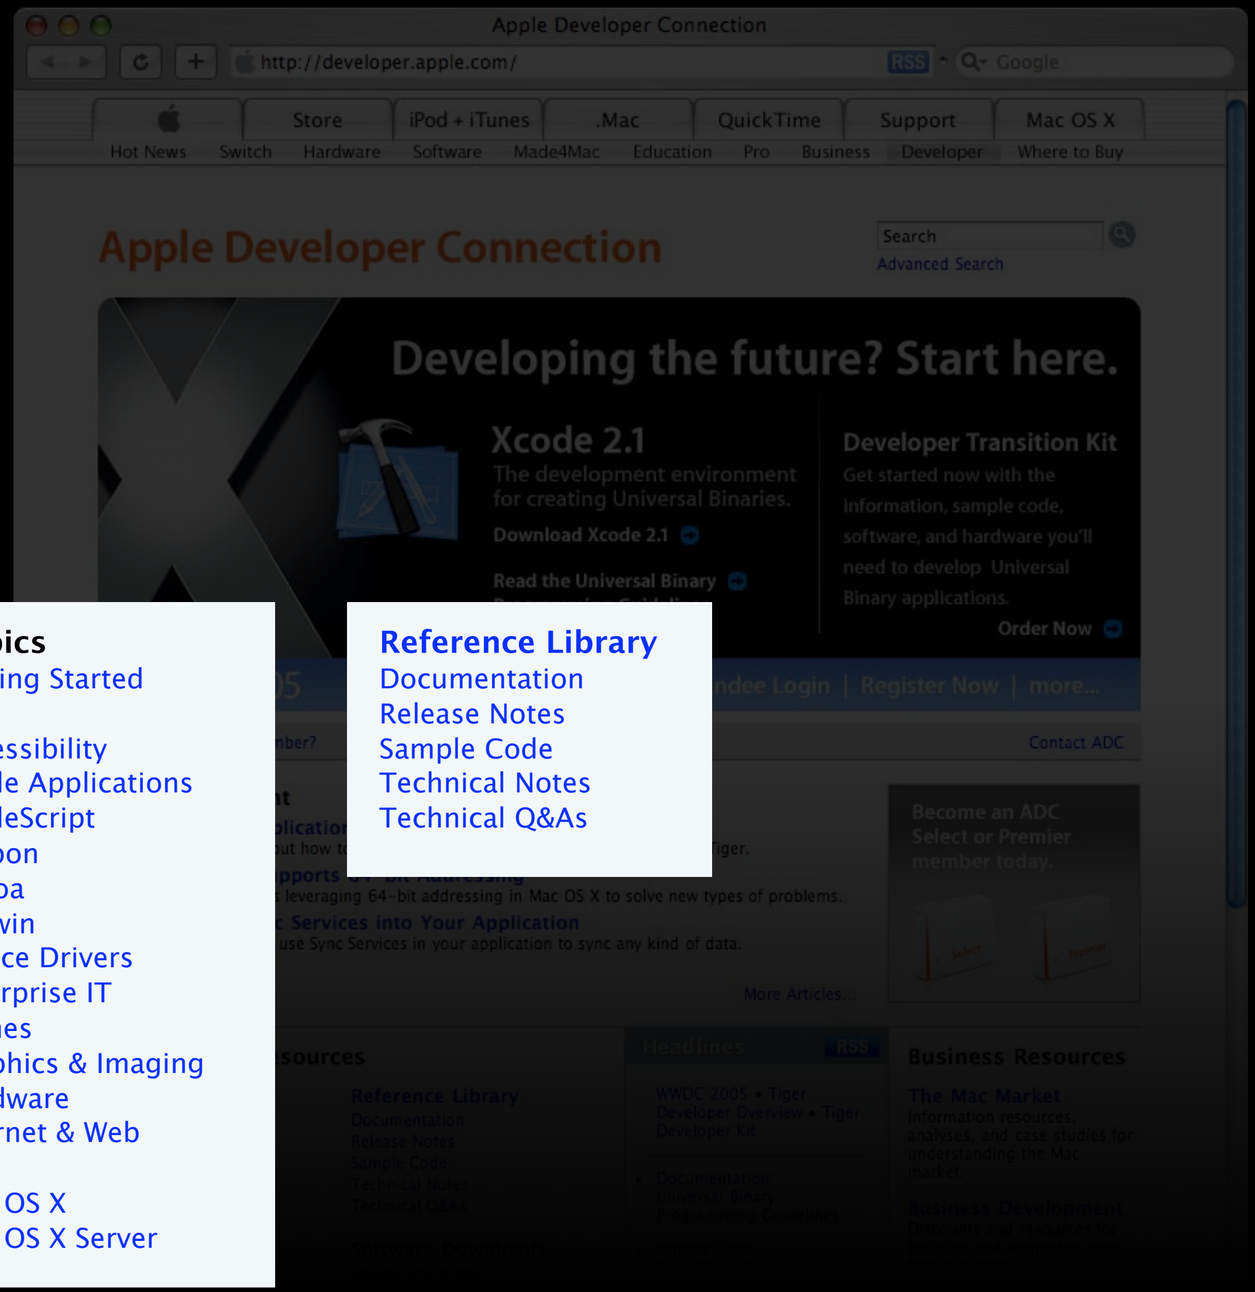
- Focus in on your specific interests, filter out the noise



ADC Home

Research your next project

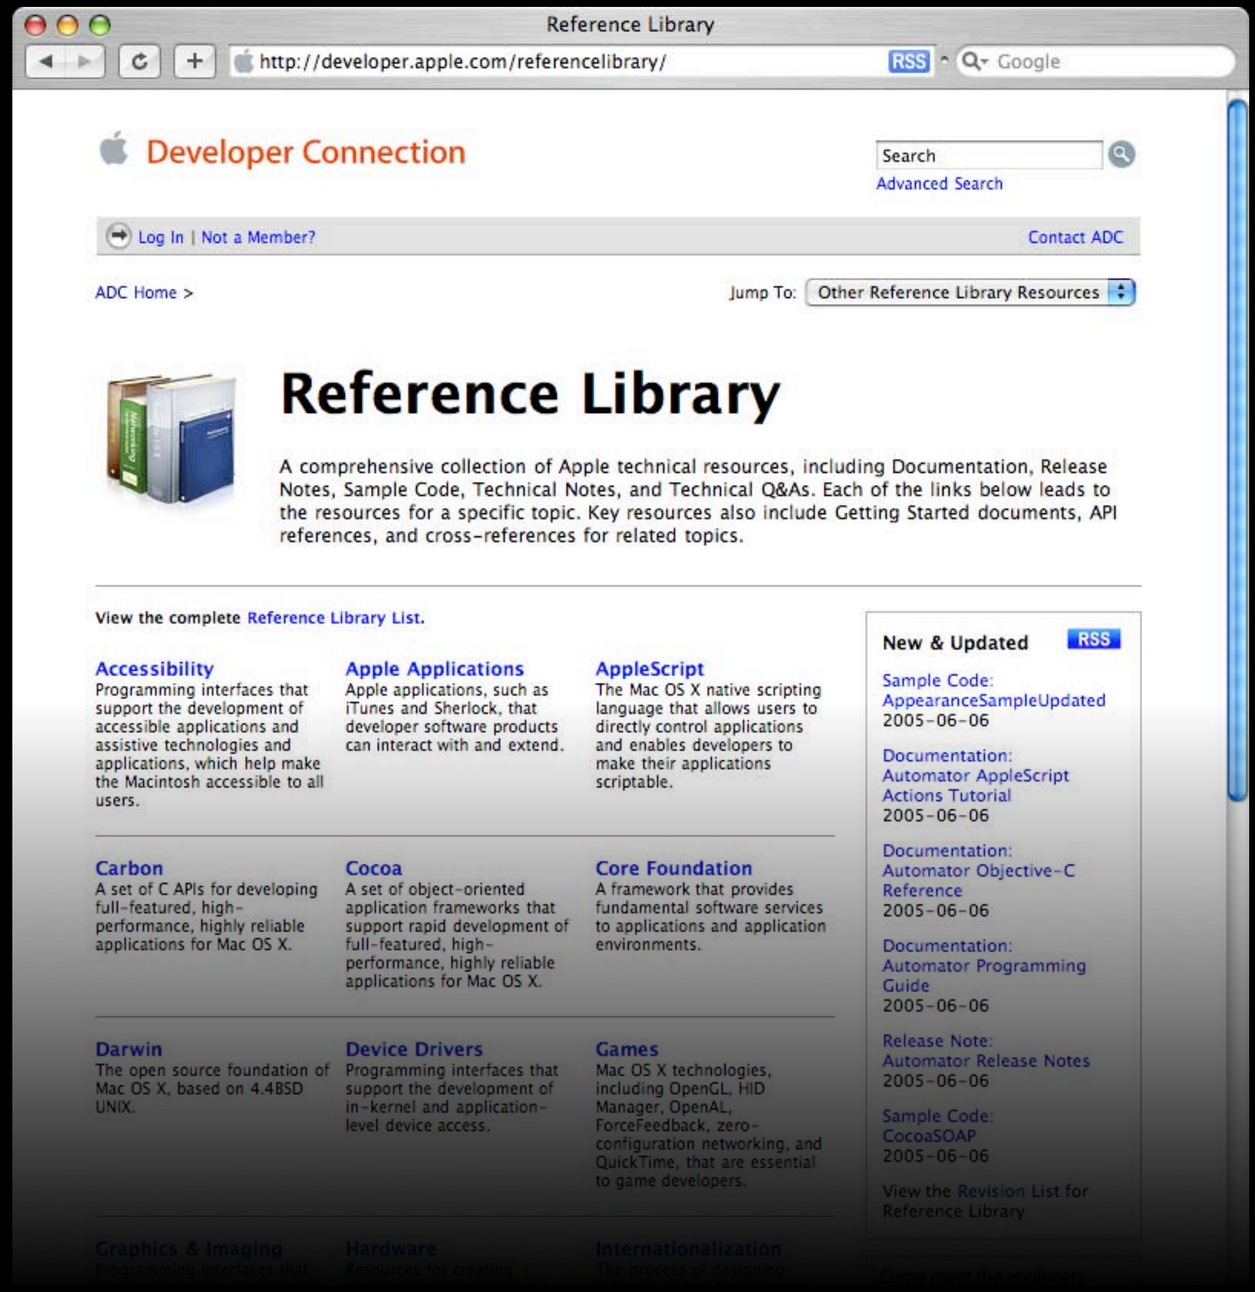
- Topics pages
  Broad overview and context
- Reference Library
  Direct to the documentation and sample code



ADC Home

Research your next project

- Browse-able by technology categories
- Easy to navigate and use
- Access via the web, or Xcode



ADC Reference Library and Xcode

Melina Kirsch
Writer, Apple Technical Publications

http://developer.apple.com/wwdc2005/

The ADC Reference Library

What is it?

- Integrated collection of Apple technical resources
  - Documentation
  - Technotes
  - Q&As
  - Release Notes
  - Sample Code
- Thousands of documents—and more every day

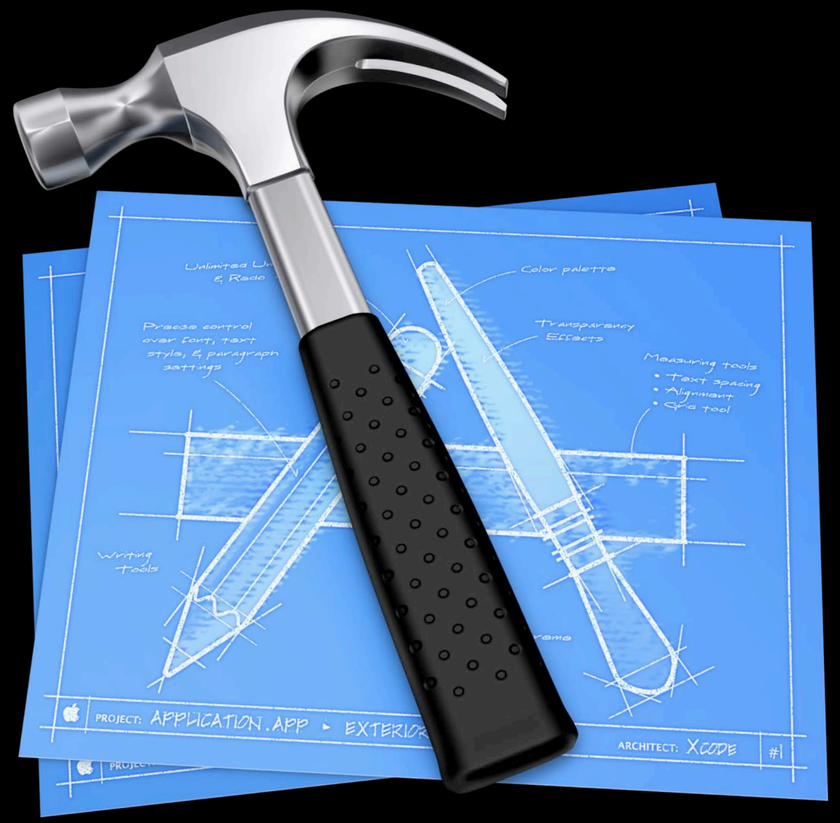
The ADC Reference Library

What is it?

- Integrated collection of Apple technical resources
  - Documentation
  - Technotes
  - Q&As
  - Release Notes
  - Sample Code
- Thousands of documents—and more every day

2.0+ Gigabytes

New and updated Tiger docs



The ADC Reference Library

Integrated with Xcode

- Browse and search documentation
  Without leaving your code
- Automatic documentation updates
  Always have the latest information
- Additional documentation locations
  Access information in a way that suits your workflow
